House of Commons,

London, S.W.1

13th August, 1948.

Dear Senor Comorera,

Let me assure you that I have been watching the progress of your compatriots arrested in Barcelona and that I have been pressing the Foreign Office to protest to the Franco authorities against the barbarous practice of bringing their political opponents before a Court Martial.

The Foreign Office has promised to keep a vigilant eye on the matter and I shall keep them up to this.

Yours sincerely,
